from which this invention was derived

FIG 3

FIG. 4 is a cross-sectional view of the device of FIG. 1, taken along line 4-4 of FIG. 1, showing the device in a second position. The device is shown in a second position, with the first member 405 and the second member 406 in a second position, relative to the third member 407. The device is shown in a second position, with the first member 405 and the second member 406 in a second position, relative to the third member 407.

FIG. 4

FIG 5

FIG. 8 is a top view of the device 100 showing the circular base 800 and the four legs 824. The base 800 is defined by a dashed line 826. The legs 824 are shown in cross-section with a wavy line 825 indicating the top surface. The device 100 is shown in a perspective view.

FIG 8

FIG 9

FIG 11

FIG. 12 is a cross-sectional view of a curved member 1200, which is a portion of a curved member 1200, and is a portion of a curved member 1200.

FIG 12

FIG 13

FIG 14

FIG. 15 is a cross-sectional view of a device 1500, showing a central cavity 1545, a top wall 1504, a bottom wall 1508, and side walls 1530. The device is mounted on a base 1550. A dashed line 1540 indicates a horizontal plane. The top wall 1504 is formed by a pair of opposed walls 1530, which are connected by a top edge 1538. The bottom wall 1508 is formed by a pair of opposed walls 1530, which are connected by a bottom edge 1538. The side walls 1530 are formed by a pair of opposed walls 1530, which are connected by a side edge 1538. The central cavity 1545 is defined by the top wall 1504, the bottom wall 1508, and the side walls 1530. The device 1500 is shown in a cross-sectional view, with the dashed line 1540 indicating a horizontal plane. The top wall 1504 is formed by a pair of opposed walls 1530, which are connected by a top edge 1538. The bottom wall 1508 is formed by a pair of opposed walls 1530, which are connected by a bottom edge 1538. The side walls 1530 are formed by a pair of opposed walls 1530, which are connected by a side edge 1538. The central cavity 1545 is defined by the top wall 1504, the bottom wall 1508, and the side walls 1530.
